

Multiple Dog Family

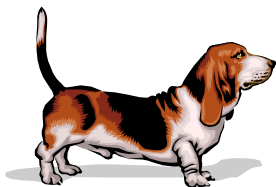

Of course we offer discounts for the multiple dog family. We extend the same discount at \$20.00 for over 2 visits, each dog counts as one visit. For instance a family with two dogs would only need to schedule for two days to get the discounted rate, because two dogs on two days equals four visits.

Scheduling

We do request that you schedule one week in advance for all visits. We can accommodate you at short notice if we have room so if you have a crisis give us a call.

Hours

Currently our hours are Monday through Friday 7 am until 7 pm.

Directions

We are located at 75 Howell street which is a one way street off of Monroe Avenue parallel to the inner loop. Arriving from the inner loop west is the easiest, getting off at the Monroe Ave exit will bring you right by our door. If you arrive by 490 get off at the Goodman street exit get on to Broadway and continue until Broadway ends (please note that at the School without Walls Broadway becomes a sharp left). Broadway ends at Howell street, make a right onto Howell and we are the first parking lot on the right.

Daycare for dogs?

Because dogs are pack animals, they possess an innate desire to socialize.

Daycare provides the exercise and socialization that

are critical to your dog's physical and mental well-being. What's more, you'll never feel guilty on those nights when work runs a little later than expected. Dogs at Play™ was conceived as a place where dogs of every shape, size and breed can come play and exercise in a clean, secure, and highly social environment. Two large, toy-filled rooms provide small and large dogs with hours of entertainment and plenty of room to run around.

While Dogs at Play™ was certainly made for fun, the health and safety of your dog is always paramount. Constant supervision by our staff of trained professionals insures that

your dog is always safe and well cared for. Special features in the facility include an innovative "bio sealed" epoxy floor, designed to provide traction and easy clean up, while preventing the growth of potentially harmful bacteria. Additionally, solid wood dividing doors provide a higher level of security than flimsy gates.

Health Requirements

Dogs at Play has a few basic health requirements to ensure the continued good health of your dog. All dogs must be healthy, flea free, and be current on the following vaccinations rabies, distemper/parvo, and kennel cough. Neutering and Spaying is a must for dogs over 7 months.

Can my puppy come?

Puppies are welcome at Dogs at Play once they have reached ten weeks old and have their second distemper/parvo shot.
